

Course Title	Crafting with a Cricut
Grade Level	4th - 12th
Tutor's Name	Laura Calkins
Tutor's E-mail	a_calkins@comcast.net

Class Description

Our family has owned a Cricut for several years and we have made a variety of projects with the machine. In this class you student will learn how to use Cricut Design Space to create custom mugs, a pencil case, tote bag, stickers, cards, a t-shirt, and several other projects.

We will be exploring a variety of materials including vinyl, HTV, paper and heat sublimation.

Text/Materials

All materials will be provided. If you student has a laptop they can bring to use with Design Space (a free application) that would be helpful. I have several iPads students may borrow.

Class Fee (and how is it used)	\$40 to cover materials
---------------------------------------	-------------------------

Prerequisites

None

Class Limit	8
