### **Class Description**

The goal of this class is for students to learn the states, capitals, location of each state, and of course to have fun.

Each week students will be required to read 2-4 pages of an assigned state within a region. I will play a review game during class to help students remember what they read/learned. All written work will be completed in class. Reading is the only homework given.

Once a region is completed a quiz will be administered to the class. At the end of the year a final test on the states will be given. A week prior to any quiz/test administered, students receive the exact quiz in order to study!
