

Grade Level	7-8
Course Title	Inventions that changed the world
Tutor's Name	Nicole Henry
Class Description	Students will be learning about the ideas that have changed our world, patents, and creating their own invention. They will also be learning each day about messages that are all around us, how to take our thoughts captive and test what we hear with the Word of God. Students will be using what they learned to either design an ad or record a commercial advertising their invention. There will be simple science experiment or hands on adaptations, videos, writing assignments and homework.
Tutor's E-mail	1jnhenry@comcast.net
