

## Class Creation

**Course Title** Christian Apologetics: Defending the Faith

**Grade Level** 9-12

**Tutor's Name** Mark Sohmer

**Tutor's E-mail** mark@great-news.org

### Class Description

Is the Christian faith "blind" and foolish, or is it reasonable, logical, and able to be defended?

This class will equip the student to understand the claims of the Christian Gospel Message and be able to share it with an unbeliever.

This class will give practical instruction on how to answer the most commonly heard objections, including "The Problem of Evil," "Evolution," "Sexuality," and more.

Please be aware that we will be discussing how to Biblically answer adult-themed topics, such as "same-sex attraction" and "transgenderism." These topics are OFTEN brought up by unbelievers we meet.

Parents, please make sure your student is ready emotionally for those topics.

### Text/Materials
