Class Description

This class will be a fun way for students to learn about color. The foundation of the class will be to study the color wheel and couple that with arts and crafts. We will learn about primary colors, secondary colors, warm colors, cool colors, complementary colors, and end with the rainbow. I plan to incorporate crafts once a month relating to color and the season (September apples, October pumpkins, November Thanksgiving, and December Christmas). My goal is for the students to have fun and be creative with color.

Text/Materials

I will be using the color wheel as the foundation of the class and will incorporate crafts based on the color we are studying. I also plan to work in some fun crafts each month relating to seasons during the months (Sept apples, Oct pumpkins, Nov Thanksgiving, and Dec Christmas).
