

<b>Grade Level</b>	9-12
<b>Course Title</b>	HS Biology Support Class
<b>Tutor's Name</b>	Beth Jussaume
<b>Tutor's E-mail</b>	beth.jussaume@yahoo.com
<b>Class Description</b>	This class will offer students support to their home study HS Biology course. Class time will include: instruction on how to take notes and how to keep a Biology Lab Notebook, class lecture and discussion of Biology topics that follow a typical Biology syllabus. I will include some labs and dissections. There will be occasional topical reading assignments, nature exploration (around Agape parking lot) and a few projects that support the material. I will provide resources in and out (via email) of class. Quizzes and tests are expected to be taken at home. Class time will be 1 hour. (Full syllabus with specifics is being worked on.)
<b>Text/Materials</b>	Lab Notebook- Hard bound with numbered pages, a phone camera HS Biology Text: I will be using BJUs Biology 4th Edition, 5th edition works
<b>Class Fee (how is it used)</b>	\$5.00 for copying, \$75 for dissection with refund at end of year if funds are not all spent.
<b>Class Limit</b>	12
<b>Semester</b>	Both Semesters
